Professional Experience

Hatch Engineering Inc., Portland, OR, USA

Systems Engineer

October 2018 - October 2021

Main Tasks at hatch included development, application, and result analysis of our in-house heuristic Simulation tool for light rail train systems.Simulation Result analysis, macro excel and python scrpt kiddy ////Main responsibilities included:

- a
- B
- C

Relevant Skills: `Python` `C++` `MatLab` `Scrum`

Siemens Transmission Solutions, Erlangen, Germany

Working Student, R&D

November 2015 - December 2017

Development of remote, automated test rig for High Voltage DC Switch testing

Relevant Skills: `LabView` `C++` `MatLab`

Siemens Rail Electrification, Portland, OR, USA

Trainee, Project Engineering

October 2014 - July 2015

WIP

Relevant Skills: `LabView` `MatLab`

Siemens Infrastructure and Cities, Erlangen, Germany

Working Student, IT Infrastructure

June 2012 - September 2014

WIP

Relevant Skills: `SQL` `Linux`

Education

- Master of Science, Maschinenbau, Friedrich Alexander Universität Erlangen-Nürnberg [2015 - 2018]
- Bachelor of Science, Maschinenbau, Friedrich Alexander Universität Erlangen-Nürnberg [2011 - 2015]

Additional Experience

- Contributing member of the NNFS community. This is an effort to teach understanding of Neural networks by building it from Scratch in raw Python.
  - Neural Networks from Scratch
    Python Pytorch NumPy Anaconda
- Masters Thesis:"Software development to calculating flight trajectories for autonomous multicopters in intralogistics"
  - Intrafly Project University Erlangen
    C++ Python ROS Embd. Linux
- Registered Yoga Teacher (RYT 200) at Yoga Alliance USA.
  - https://www.yogaalliance.org/

- I am an active member of the German and American Alpine Club, and I like to write about my endeavours in the mountains.
  - American Alpine Club profile
  - Deutscher AplKarlsB
  - AAVM
